

## MAGNA MA07+

The Magna MA07+ is designed for use on wheel loaders, dozers and underground transport.

Medium lug, cut resistant compound and reinforced crown and sidewall.

The L5 tread pattern protects against tears, wear and cuts while providing stability, comfort and traction.

All steel radial construction. Improved protector plies optimize load performance and operator comfort.

New improved technology of the high-tech casing reduces heat build up inside the tyre.
