

TRUCK ON/OFF-ROAD

MAGNA MSO DRIVE /ALL POSITION

The Magna MSO is a drive axle / all position tyre optimized for off-road applications such as mud and sand.

Wide tread and open shoulder blocks contribute to optimal traction for mixed on-/off-road use.

The non-directional tread design provides excellent traction while optimizing rolling resistance.

All steel radial construction. Improved protector plies optimize load performance and operator comfort.

New improved technology of the high-tech casing reduces heat build-up inside the tyre.
